

Hopping Hill's Reading Influencer Team

At Hopping Hill we know the importance of reading and influencing others to be avid readers. Our Reading Influencer Team work across the school to do exactly this. They have been chosen to share their passion for reading with other pupils. This includes: completing pupil voice surveys across the school to know what we can do to support reading, writing book reviews to support others in choosing texts, sharing their passion for stories through lunchtime story-times and being the voice of the children in how to create a positive reading culture. You will recognise our Reading Influencer Team by the special lanyards they wear.
